THE PRESIDENT'S ACCOMPLISHMENTS

About four weeks ago the Dayton News, Gov. Cox's paper, had the following editorial, which makes interesting reading in view of the turn of affairs the last few days in Europe:

A few years ago President Wilson informed the people of Mexico that Huerta would have to step aside before they could hope to establish amicable relations with the United States. There were many people who believed at that time that the President would not be able to compel Mr. Huerta to give up the job which he had usurped after being a party to, or at least countenancing, the murder of his predecessor. Huerta himself was disposed at the beginning to scoff at the demand from Washington for his resignation—but he resigned.

The president has not made an explicit demand for the abdication of the German emperor. He has, however, demanded the abolition of the kaiser's autocratic authority. He has said that the power of the king of Prussia to control the policy of the German empire must cease.

There may be sceptics in Germany who will refuse to believe that the president will be able to enforce his demand. The emperor, like Huerta of Mexico, may for a time be defiant. But he will yield. The issue in this case is inevitable, as it was in the case of Huerta.

Autocracy is doomed. Its sentence has been written.

BUCKEYE NEWS NOTES

MATTERS OF GENERAL INTEREST TO RESIDENTS OF OHIO.

Big Drive Starts.
Columbus, Nov. 11.—The united war work campaign opened today. In every county in Ohio, including those that have war chests and will make no united war work campaign, women will be informed by telephone of the objects of the war fund, among them the task of providing wholesome amusement for 2,000,000 Yankees overseas during the trying period of demobilization. The proximity of peace only will add to the burdens and responsibilities of the organizations. It is asserted.

Would Celebrate British Day.
Columbus, Nov. 11.—Just as Battle day was celebrated in this country as a tribute to France, a celebration in honor of England is being arranged for Saturday, Dec. 7, and in churches Sunday, Dec. 8. Governor Cox has been named vice president of the national British day committee, of which Alton B. Parker, New York, is chairman, and has been asked to name a committee of 50 Ohioans to join in arranging the celebration in this state. The celebration will be in recognition of Great Britain's part in the world war.

Tax Problems For Assembly.
Columbus, Nov. 9.—Taxation will be the big question before the next general assembly. It comes about as a result of the adoption of the prohibition amendment, removing nearly \$7,000,000 of saloon revenue, and adoption of both the classification and mortgage exemption amendments. The Smith 1 per cent law, necessary relief for cities and aid to schools will add to the complexity and burden the legislature will face in building up from the ground a new taxation scheme for Ohio.

Draft Calls Not Rescinded.
Columbus, Nov. 9.—"Draft calls in Ohio will go ahead as arranged," Major W. S. Peeler, state draft head, announced. In reply to many queries from all sections of the state as to the effect the war news would have on the induction of drafted men, Major Peeler replied that no word had been received from Provost Marshal General Crowder to cancel any draft calls.

Aged Preacher Called.
Marysville, O., Nov. 11.—Rev. John Schultz, 89, a superannuated Methodist minister, is dead. He had been preaching ever since he was 20 years old and was well known throughout the state. He was a native of Indiana and moved to Adams county, O., when a boy, and had lived in Union county since 1890.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tender skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bites, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

TAKEN PRISONER; LIFE IS SAVED

One of Those Weird Romances of the Sea and the War.

YANK DOCTOR CHIEF FIGURE

Favorite Bomb Shelter Wrecked While He Is Captured by Germans When on Voluntary Mission of Rescue.

American Bombing Base.—Dr. Albert M. Stevens of New York, medical officer at this base, owes his life to the fact that he was taken prisoner by the Germans, while Dr. Harry J. Dooley of Chicago, successor to Doctor Stevens, assistant surgeon, owes his liberty to the fact that Doctor Stevens is a prisoner.

It is one of those weird romances of the sea and war. Word was flashed to the bombing base one afternoon that a seaplane was down on the surface of the water about thirty miles off the coast. A fast motor boat, ready for such emergencies, was sent out. A surgeon always accompanies such expeditions. Doctor Dooley in ordinary circumstances would have gone. But Doctor Stevens was just retiring from the post, and he thought the trip might do him good.

"I think I'll go," he said to Doctor Dooley. "It will be my last trip and the journey will be something of a relief."

He jumped into the boat and was off. There were six others aboard. They reached the stranded seaplane in a little under two hours. The flyer's men had got her into condition again and were just ready to start off. They left the motor boat and landed back at the base in good time.

Shelled by Germans.
It was dark. The surgeon, seeing what he thought were lights of a town near the base, headed the motor boat in what he supposed the correct direction. They surged through the light seas for an hour or more. They approached close to the supposed home lights, when suddenly the scream of a shell was heard coming straight at them. It exploded directly in the back of the boat. A second shell dropped about two hundred yards in front.

"The Germans are shelling us," called one of the men.
"Where are we?" asked the skipper. They were under German guns. The lights they thought their base lights had been far off. They had been steering straight toward German-held ground.

"Jump into the water!" commanded the surgeon.

The men went overboard. Half a minute later a shell struck in the center of the boat. It blew a great hole in her and sank her.
A strong current was running up the shore. Doctor Stevens and one other man, being strong swimmers, headed for the nearest point of land. They reached the beach. They were dragging themselves through the surf and had just reached the shallow water when a squad of German soldiers marched down the sands with drawn bayonets and commanded:

"Surrender! You are on German territory!"

Doctor Stevens and his companion surrendered. Meanwhile the other five men were trying to make land. Two of them headed down with the current, looking for any chance to make land. The other three attempted a shorter cut by swimming the current at an angle.

One of this trio was drowned. The other two got to land and were captured by the Germans. The two men who were left swimming in the current were in a weakened condition when two British officers ashore made them out. The Britons jumped into the surf, swam out and dragged the men ashore.

"They ran to a telephone and called the bombing base."

"We have two of your men suffering from exposure and exhaustion. Their boat was sunk by Germans and two of the men taken prisoner," said the voice.

Germans Raid Base.

Maurice M. Moore of Washington, D. C., jumped into the camp jitney and started for the place where the rescued men were. He had to drive over exposed roads, but he made the up-journey safely, his car loaded with blankets. He took the men aboard and started home. Suddenly shells began exploding in front of him and back of him. But through the canopy of bursting shells the little jitney made speed safely for more than five miles,

Setting in without even a scratch.

Meanwhile the German bombing planes started to raid the base. The sound of exploding bombs dropping around the air base was heard by Mr. Moore even before the automobile was near home.

"Where is Stevens?" asked the executive officer, as the car drew up.

"Taken prisoner by the Germans," was the reply.

"Well, I guess he is lucky at that. His pet place, in which he always stands when the raiders come, was blown to pieces half an hour ago."

"We have been wondering who is the luckier of the two—Stevens or Dooley," said the executive officer; "Dooley for not being captured or Stevens for not being killed."

BOYS TO REMAIN FOR A LONG TIME

Governor Herriek on United War Work Campaign.

GOOD INFLUENCE NECESSARY

Says There Will Be Weeks and Months of Waiting on Demobilization Even After Victory Comes. Seven Great Religious Organizations to Look After the Home Interests of the Buckeye Boys Over There and in Cantonments in This Country.

New York.—(Special).—"Don't expect to see your boy come marching off the boat the week after the Germans surrender," said Myron T. Herriek, former governor of Ohio and ambassador to France, in an interview today. "It took us a good while to accustom ourselves to the idea of a long war; we must begin now to accustom ourselves to the thought that the process of winding up a war is also long and painful; and that whether peace comes next spring or summer, or even before, we shall still have our boys over there for a long time."

Governor Herriek was speaking with reference to the United War Work Campaign, set for Nov. 11-18, combining the appeals of the Y. M. C. A., National Catholic War Council (K. of C.), Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army. The amount sought is \$250,000,000, and in Governor Herriek's judgment this total, and more, will be necessary to see the boys of the army and navy through to their homes again.

The quota for Mr. Herriek's home state of Ohio is \$15,000,000.

"It must never be said of America that she left the slightest detail of her great war task uncompleted," continued Governor Herriek. "Only those of us who have been in France, and seen the terrible cost of her great sacrifice, can realize what a stupendous problems in reconstruction and rehabilitation is facing her. In this task America must have a part; and the American boys over there are willing and eager to help. It is our duty to stand behind them while they are standing behind the French."

"Whether victory comes next year, or even sooner, there will be weeks and months of waiting for the armies during the peace discussions; and other months of waiting or demobilization. These will be, in many ways, the most critical period of the war for our boys. They will have leisure—and we must see to it that the wholesome entertainment which the War Work agencies have provided is continued with increasing effectiveness. We must see that they have plenty of good books, and plenty of teachers and a constant stream of good business men going across to lecture to them and guide their thoughts back into the channels of peace."

"It has been the privilege of the seven great War Work agencies to represent the American home, and church and theater and gymnasium and library and club in France. The influence of these great institutions will be needed in an even greater degree from now on. Let us, as a thanksgiving for the promise of victory, make the United War Work Campaign the greatest success of any campaign of its kind."
